A team's placement in all team events will produce an overall placement point total. **The lowest point value earned will be considered the highest finisher. Example as follows:** a team earns: 1st place finish for the Frights & Sights Match; 4th place in the Pellets & Pumpkins Match; 3rd place in the Red Ryder Match; 2nd place finish in the BANG in the New Year Match; 3rd Place finish in the Cupid's Classic Match; and a 6th place finish in the Shamrock Shootout. MATCH PROGRAM

1. Maximum number of five firers per team, **only the top four firers per team of five** will be scored towards the team placement. If you do not have enough for a second team, you can register individual firers so that they can be scored towards the Top New or Top Experienced award, further explained in para-3 below. ALL firer's scores will count for individual top firer in the New Firer and Experienced Firer category. You can register as many five firer teams as you wish, entry fee is per team, not per organization. No Team can participate without having a paid registration. For example, you have one team registered and paid for one team, you cannot have your second team fire as a practice. Only fire those teams/individuals that are actually competing with a paid registration. Firing non-competitors offsets the scoring and placements.
 - a. **For this competition a NEW Firer is defined as any firer who began competition shooting NO EARLIER than 1 August 2026.**
 - b. Identify each team(s) and firer(s) as Experienced (Old) or New firers on the roster/declaration page provided. (NOTE: **Team(s) identified as New must NOT have any Experienced (Old) Firers, even if it was only one match before 1 August 2026.**)
 - c. **As a CMP Sanctioned Non-EIC Match ALL firers MUST have a CMP number.** Follow the link to create a CMP Number for your team members (<https://ct.thecmp.org/app/v1/index.php?do=register>). **Any competitor without a CMP number will be disqualified.** Competing without a CMP number prevents finalizing the scores and prevents it from showing on the CMP site. A site that collegiate marksmanship teams often search when recruiting new team members. Do right by your athletes and provide this extra opportunity to be discovered and prolong their marksmanship training in college.
 - d. To verify your CMP numbers, use the Quick Competitor Number Lookup at this link:
<https://ct.thecmp.org/app/v1/index.php#>
 - e. Firers are NOT authorized to participate/fire on more than one team during the match.
 - f. *****ROSTER/DECLARATION must be SUBMITTED BEFORE FIRING the match. Firing without submitting your roster will invalidate your scores. (SEE DETAILS BELOW in Firing Period Start/Stop for more information about the roster/declaration page)**
2. Match details are as follows:

MUST READ and Follow the Match Program. Failing to follow the instructions in the match program could result in a disqualification. If you are disqualified, the entry fee is nonrefundable. Follow the match program and the match will run smoothly and the results can be posted in a timely manner.

- a. **Firing Period Start/Stop:** Authorized firing must be completed between the dates listed below for each match. (Note: This allows ample time to complete shooting despite any holiday period.)
 - SY27 Frights & Sights Zombie Shootout! (Firing Period: 1-31 Oct 2026)
 - SY27 Pellets & Pumpkins Thanksgiving Shootout! (Firing Period: 1-30 Nov 2026)
 - SY27 Red Ryder, Don't Shoot Your Eye Out Kid! Shootout! (Firing Period: 1-31 Dec 2026)
 - SY27 "Bang," In the New Year Shootout!" (Firing Period: 1-31 Jan 2027)
 - SY27 "Cupid's Classic Shootout!" (Firing Period: 1-28 Feb 2027)
 - SY27 "St. Patty's Shamrock Shootout!" (Firing Period: 1-31 Mar 2027)
- b. **ALL TEAMS must submit the ROSTER/Declaration pages for each match included with this program, unless you are using the same roster and team for all six team matches, that is if you are firing all six matches.** See example rosters included in this match program.
- c. **Failure to submit roster/declaration page before firing may result in a disqualification. (this has been an issue in the past)** Roster/Declaration pages ensure proper accountability of participants and scoring, it should also curtail gaming the system.

- d. All targets and Unit Firing Reports must be postmarked NLT 3 days from the ending firing period for **Teams WITHOUT Orion System. Failure to send out your targets in time will result in disqualification.** Reasonable time will be allotted for your targets to arrive as long as it was postmarked within the 3 days as indicated above.
- e. It is important to get the targets out in time so that it does not prevent undue delay in scoring and issuing of awards.
- f. **Teams WITH Orion Systems or other electronic scoring systems** must complete firing NLT the last day of the firing period to include scanning targets into the competition site as a Child Match Host.
- g. It is important to not wait to the last minute, if preventable, to fire in the event you have computer or system issues that prevent you from successfully uploading your scores. Failure to complete firing and scanning outside the firing period will result in disqualification. **ALL scoring issues or system issues contact the system support helpline to fix problem before the end of the firing period. I can also assist in trouble shooting if necessary.**

3. **Team Composition:** Best-Four-Count Teams. Each team can have maximum of five firers per team and a minimum of four firers to compete for team placements. Team(s) less than four firers will not be able to compete for team awards but they can compete for individual placement as the TOP EXPERIENCED FIRER or the TOP NEW FIRER. **For teams with ORION Systems or other electronic scoring systems build your teams (Match Teams) in groups of five firers maximum. DO NOT scan more than five team members under one team name. Ensure you list the team as Experienced or New as defined in this PROGRAM.**

- a. **READ CAREFULLY:** You must build your teams in your Orion or other electronic scoring system correctly. This has been a significant issue in scoring with Experienced Teams showing up on the New Firer team scoring list, New Firer Teams showing up on Experienced Teams scoring list, teams not populating the team list at all and only showing up as individuals. Teams and/or individuals on the wrong list as a result of incorrect builds will result in disqualification. If you need assistance please contact me, I can do a test match to ensure you are building correctly if necessary.
 - If your organization is registering multiple teams from your organization, the **team's name must include your SCHOOL Name not the mascot**, it must have the individual firers correct experience level and the team's experience level, it must have their CMP number, include the CMP number in the Display Name. There are too many teams with the same mascot to use only the mascot's name adding your component will also ensure specificity in scoring and tracking and it is a way to highlight the branch. See example below:
 - **Team name examples include the respective component, AJROTC, NJROTC, MCJROTC, AFJROTC, AL Post 123, etc.**
 - Smallville HS AJROTC TM 1- Exp
 - Smallville HS AJROTC TM 2- New
 - AL POST 123 TM 1-Exp
 - **Firer display name should include their CMP number.** This will ensure more accurate scoring when published. I have found that there are multiple students with the same name in different schools. Adding the CMP number to the display name will also aid in recruiting practices and identification.
 - Example: Rogers, Steve (456789)
 - **NOTE:** Properly building your athlete database will auto-populate most of your data. If you need assistance reach out via email with your contact data and I will contact you when available.
 - **JROTC Teams:** Firers must be an active Cadet in your JROTC program.
 - **NON-JROTC Teams:** Firers must be an active Student in your school and team or current member of your organization for American Legion Post teams, etc.
 - No one individual firer is authorized to shoot on more than one team.
- b. **Course of Fires/Rule(s):** All firing must be completed on an approved range that meets the following requirements:
 - Standard 10-meter course as measured from the firing line to the target.
 - Course of fire will consist of 10-shots in each of the three positions in sequence. (Kneeling, Prone, and Standing; K-P-S 3x10) Only one, 10-bullseye target will be used per firing position.
 - **Practice shots will be unlimited in number and fired only on the practice bullseye inside the practice oval/rectangle. Any flyers must be identified by the coach/range OIC.**
 - All positions must be shot in sequence and completed before the team exits the firing line, the same day.
 - Standard course time applies IAW most recent National Standard Three-Position Air Rifle Rules for 3PAR (3x10 Three-Position Event):

3X10 THREE-POSITION EVENT		
STAGE	POSITION	TIME LIMIT
PREPARATION AND SIGHTING	KNEELING (Unlimited sighting shots)	8 minutes
RECORD FIRE	KNEELING, 10 RECORD SHOTS	10 MINUTES
CHANGEOVER	KNEELING TO PRONE	5 MINUTES
SIGHTING	PRONE (Unlimited sighting shots)	5 MINUTES
RECORD FIRE	PRONE, 10 RECORD SHOTS	10 MINUTES
CHANGEOVER	PRONE TO STANDING	5 MINUTES
SIGHTING	STANDING (Unlimited sighting shots)	5 MINUTES
RECORD FIRE	STANDING, 10 RECORD SHOTS	15 MINUTES

- c. **Targets/Scoring:** DECIMAL SCORING will be used IAW para 8.6.1. All targets will be scored using the Orion Scoring System only (or other electronic system if applicable as a Child Match Host). For teams **WITHOUT Orion System or other electronic system**, targets will be provided for your use and will be delivered, or mailed, once your registration is complete and you have provided us with the roster/declaration page so that labels can be attached to the targets prior to delivery. **If you have Orion Targets but DO NOT have an Orion Scoring System, let me know so I can give you labeling instructions for your Orion Targets.** Email your roster/declaration page using the roster/declaration page provided to michaeldupre@imnmarksmanship.com upon completing your registration and/or before firing. Match results will be available live on-line through the Orion Results Center as they are received.
- d. **Tie-Breakers:** If there is a tie, tie-breaker will be conducted IAW paragraph 8.6 decimal scoring.
- e. **Awards/Decorations:** **NEW starting next year and moving forward for teams competing in ALL 6 Matches in the Invitational (6-Pack Discount) will have an overall winner based on your finishing position NOT the average score.** The overall team finish within each category (new/experienced) at the end of the 6-Pack of matches is awarded based on a value earned through placements each of the matches. A team's placement in all team events will produce an overall placement point total. **The lowest point value earned will be considered the highest finisher.** Example as follows: a team earns: 1st place finish for the Frights & Sights Match; 4th place in the Pellets & Pumpkins Match; 3rd place in the Red Ryder Match; 2nd place finish in the BANG in the New Year Match; 3rd Place finish in the Cupid's Classic Match; and a 6th place finish in the Shamrock Shootout. The aggregate value for those 6 matches for this team would be computed as: $1+4+3+2+3+6=19$. Therefore, "19" would be the aggregate score regarding overall placements.
- f. The top three teams in each category (new/experienced) will receive a banner signifying their placement, as described above, as the season winners.
- g. The following breakdown outlines the issuing of the awards for each individual match. Only the top four members of each team will get a medal and certificate. For team(s) with five firers, the 5th firer will receive a CMP certificate like all other competitors. This pushes your firers to work harder on your team so they are in the top four. (Future Matches may differ in Primary award)
- **Experienced (Old) Team(s)** *Top four firers only
 - 1st Place Team: Streamer, Individual Medals, and Certificates
 - 2nd Place Team: Individual Medals and Certificates
 - 3rd Place Team: Individual Medals and Certificates
 - **New (1st Year) Team(s)** *Top four firers only

 - Top New Firer: Certificate and Medal (different than medals for 1st, 2nd, and 3rd place team medals)
 - **CMP Certificates & Junior Achievement Pins**
 - As a Sanctioned Non-EIC points match ALL firers eligible to receive a CMP Sanctioned Match Certificate
 - Junior Achievement Pins can be purchased at the Coaches discretion based on the points below:

- Junior Achievement Pin order form will be provided to Coaches when the CMP certificates/templates are emailed.

h. **Uniform:** The standard uniform requirements apply. However, considering the Holiday Spirited themes, match firers are encouraged, but not required, to dress up in an appropriate themed garb to add some enjoyment and an aura of festiveness to the match.
